Well-equipped sewing machine INSPIRO offers 200 built-in patterns up to 7 mm wide, manual foot pressure regulation and robust frame with 19 cm long arm. Order large extension table and sew even more comfortably. Perfect machine for sewing, quilting and patchwork.

GARUDAN INSPIRO GHE-1200

01

02

03

01

Manual presser foot pressure adjustment and high presser foot lift help to handle tricky sheer materials or bulky fabrics.

02

Large frame and longer arm make sewing or quilting more comfortable. Optional extension table* provides 380 × 300 mm large sewing area. For sewing narrow parts use the free arm (90 × 200 mm).

* Extension table optional, not included as a standard accessory.

03

Built-in needle threader and top drop-in bobbin make threading easy.

Drop feed lever allows you to quilt or embroider comfortably. Set the needle position after stopping up or down as needed.

Top drop-in bobbin is easy to thread and easy to see. You will not run out of thread in the middle of a seam.

04

04

Choose from 200 built-in patterns including alphabet and 8 types of automatic buttonhole for basic sewing, decorative sewing, and more. Save the sequence of patterns in the memory and repeat as you need.

05

05

LCD allows you to see selected pattern, position of the presser foot and other informations. Change the pattern quickly with one-touch select buttons. You can save up to 60 patterns in the memory.

06

06

Set up the maximum speed for comfortable sewing with slide button. Sew with or without foot controller, just using buttons, as you prefer.
